

DANPAL®

**LIGHT ARCHITECTURE SOLUTIONS
FOR THE BUILDING ENVELOPE**

COMPANY PROFILE

www.danpal.com

Much like air and water light is essential
to life and architecture alike.

WHO WE ARE

50+

Years of innovative
light architecture
solutions

6

Architectural
application
solutions

10M+

Square meters of
renowned projects
around the world

60+

Countries
over the globe

**LIGHT ARCHITECTURE SYSTEMS
FOR BUILDING ENVELOPES
THIS IS OUR BUSINESS**

We design, manufacture and distribute an unmatched range of daylighting systems, Made of polycarbonate panels for all types of building applications.

The company's customised and easy-to-install range of systems transform light into a powerful and versatile tool for architectural creations that radiate inside and out.

WE CALL IT LIGHT ARCHITECTURE.

LIGHT YEARS AHEAD

THE FIRST COMPANY TO DEVELOP THE TRANSLUCENT PANEL STANDING SEAM SYSTEM

Since its inception, Danpal® has earned a reputation as an industry visionary. Danpal® was the first company to develop the translucent panel standing seam system – a light architecture solution used around the world in commercial, education, transport, health, sports and high-tech projects.

GOING WITH THE TREND COST EFFICIENCIES, VALUE CREATION

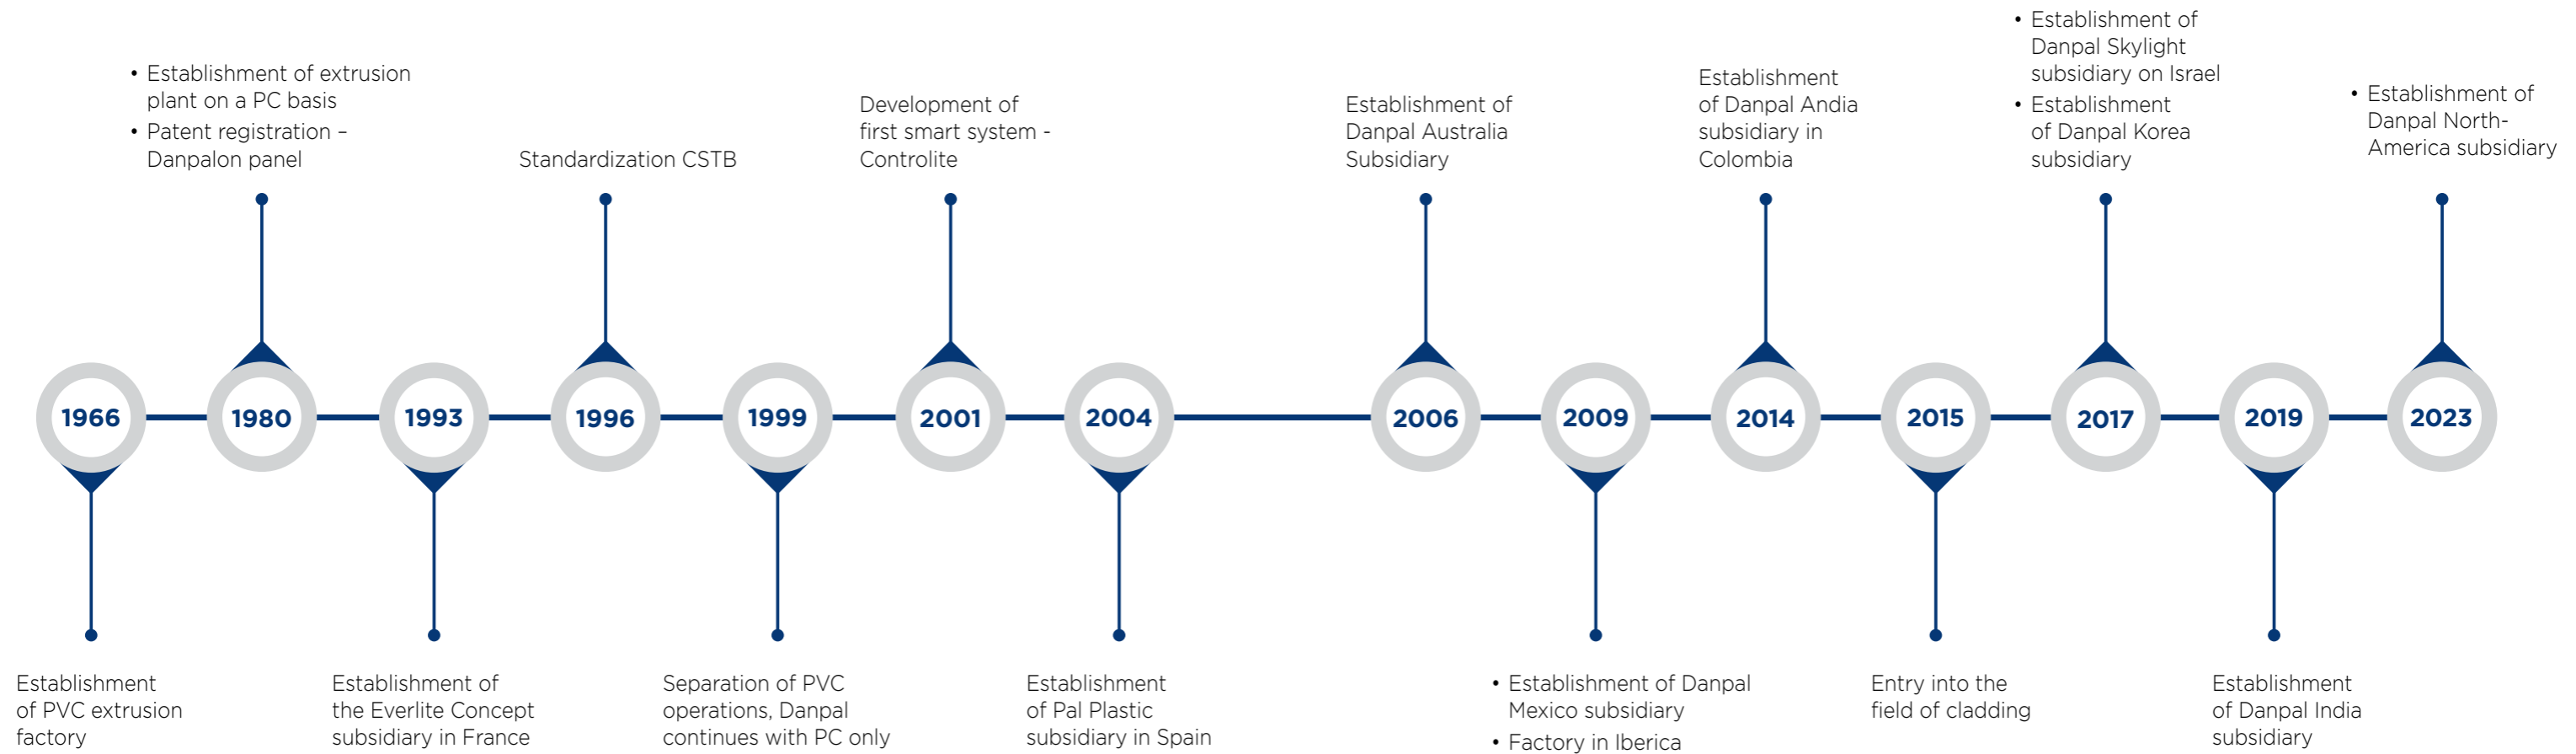

Danpal® enables architects to harness natural resources in an environmentally responsible and cost-effective manner.

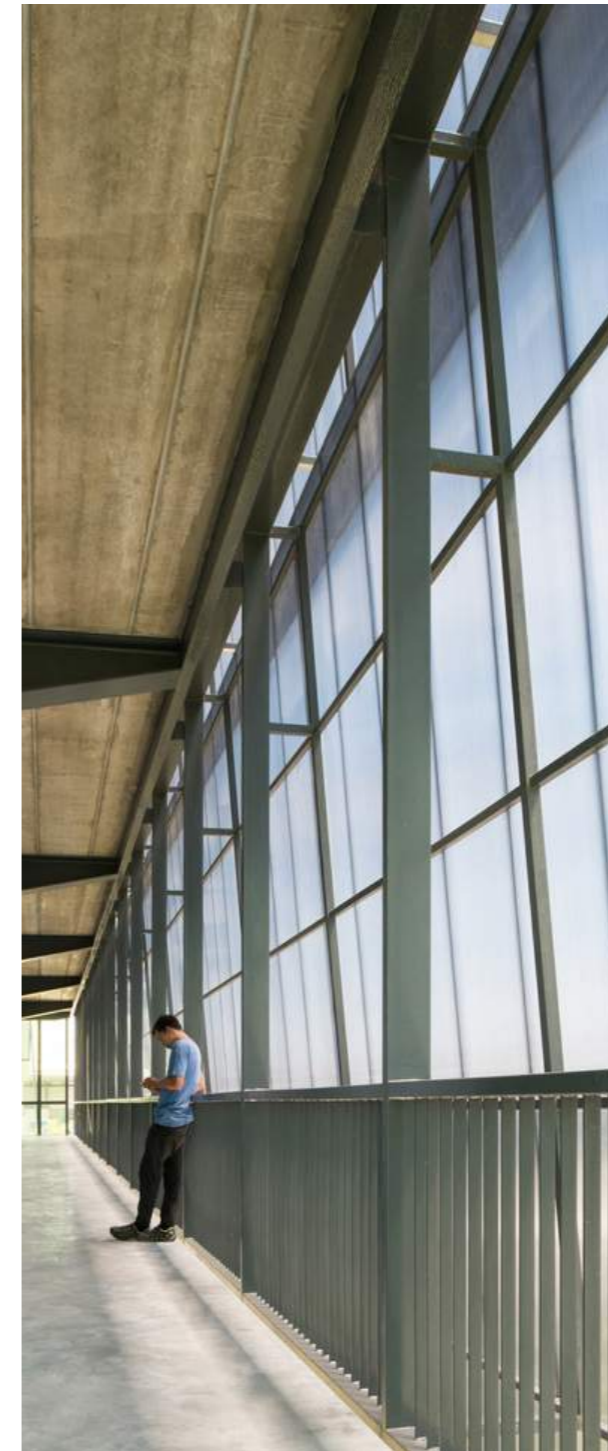

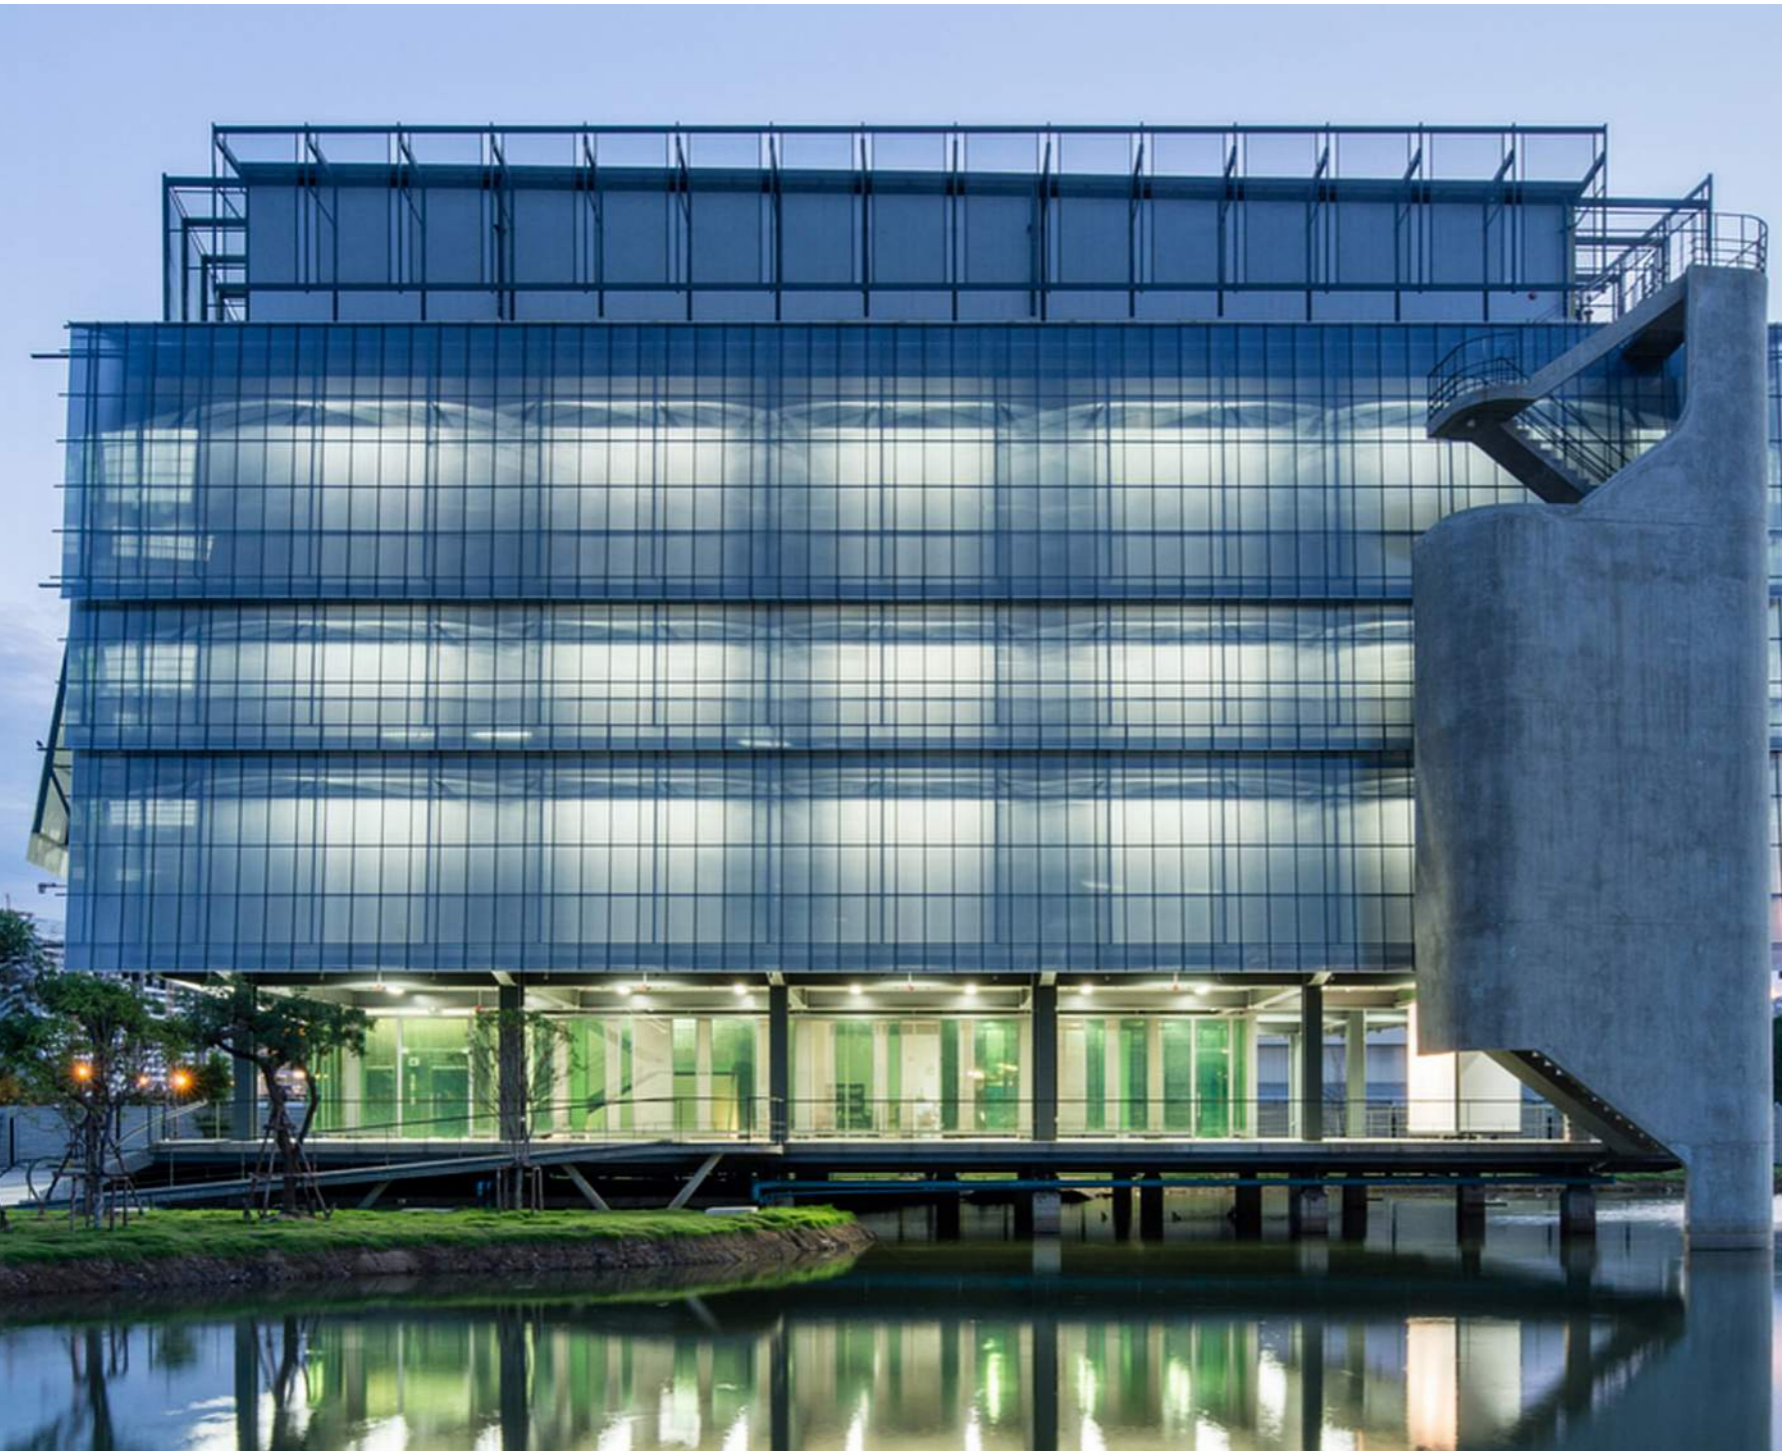

Our solutions require minimal maintenance and offer high Thermal insulation properties and excellent control of energy Consumption, resulting in substantial life cycle cost savings.

MILESTONES

CONTINUOUS INNOVATION IS ONE OF OUR FOUNDING VALUES

Danpal systems are built around innovative technologies, deep architectural know-how and the ever evolving needs of our clients.

As market leaders, we constantly strive to advance daylighting, and deliver the most cutting Edge systems.

We assume responsibility for both maintaining the highest levels of performance, and Developing the next generations of light architecture systems.

We believe in harnessing our engineering ability to create extremely durable products with Excellent resistance to high wind loads, earthquakes and water penetration, as well as systems Which are easy and quick to install.

MARKETING STRATEGY

GLOBAL VISION, LOCAL FOCUS

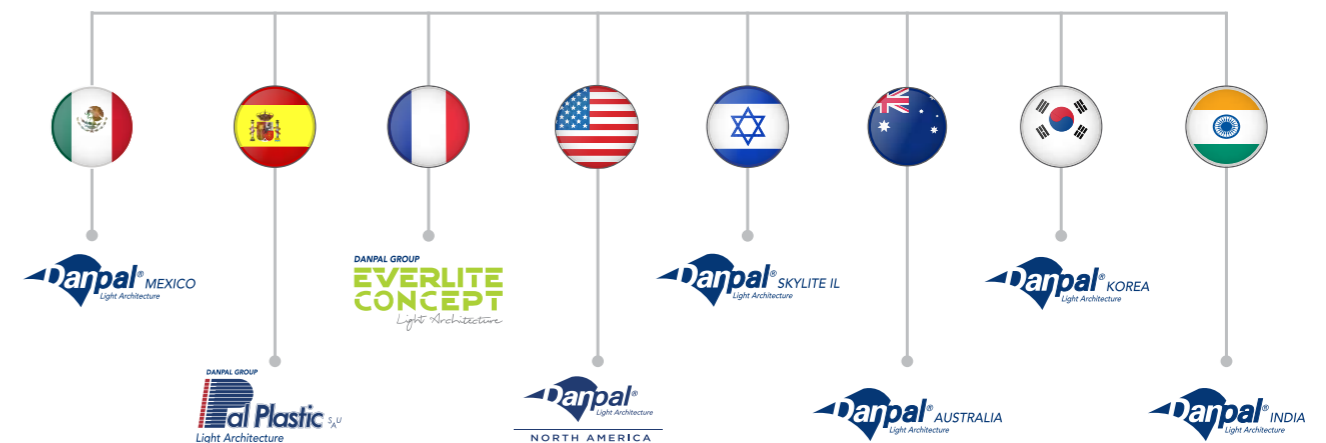

THE DANPAL GROUP HAS AN EXTENSIVE GLOBAL FOOTPRINT, WITH 7 SUBSIDIARIES AND OVER 30 DISTRIBUTORS.

Our worldwide presence allows us to participate in projects both large and small, gaining experience in adapting solutions to every plan and climate and code.

GLOCAL CONCEPT - GLOBAL OPERATION LOCAL ATTENTION

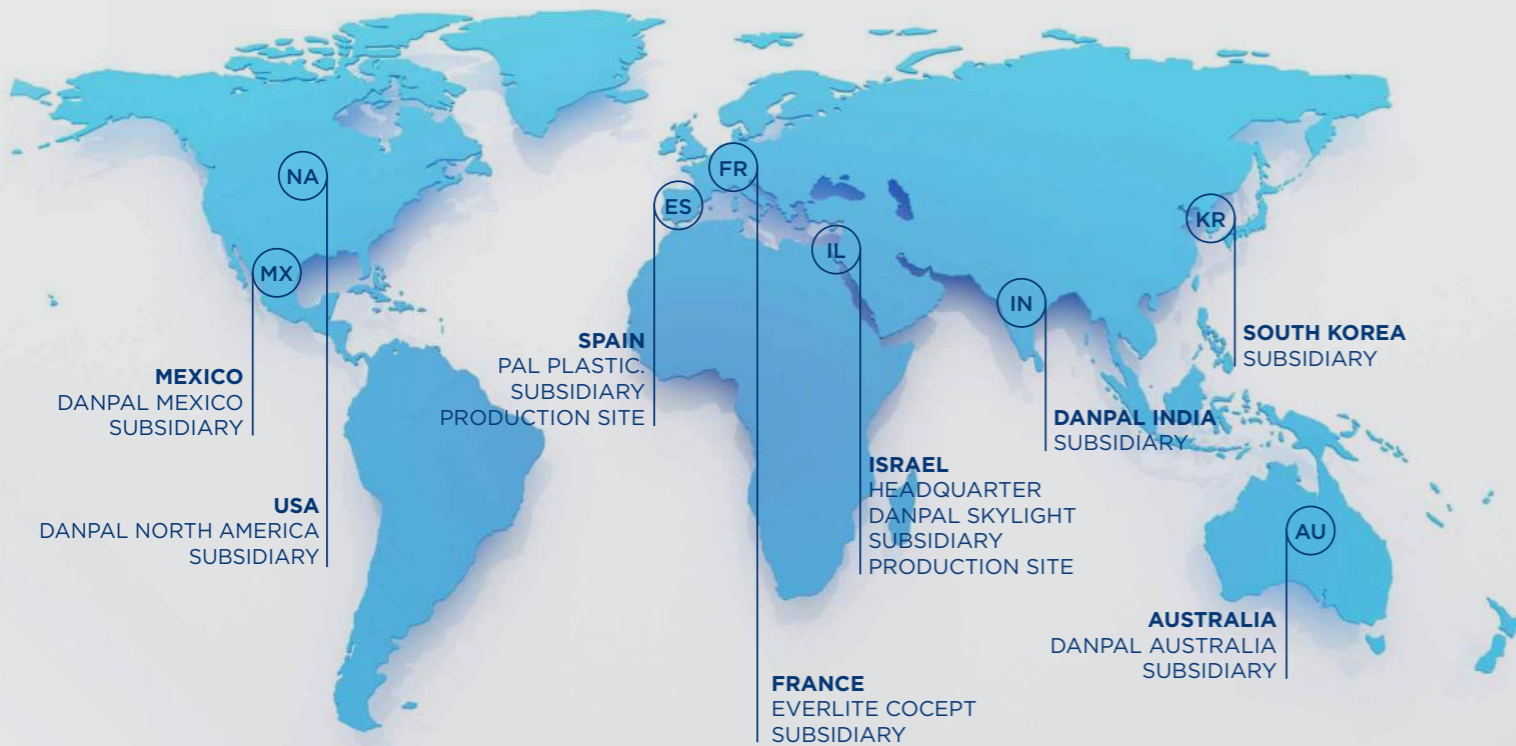

Creating unique architecture solutions with high engineering ability, advance daylight visual properties for wide application range in building envelop.

Creating niche markets and solutions through architectural specification marketing approach.

BRANDS

DANPAL GROUP

- Production and marketing of products for architectural daylighting solutions globally.
- Adjusting to the various levels of each market's development.

EVERLITE CONCEPT

- Premium brand, marketed in France, England and other Western European countries.
- Focusing on high-end light transmitting systems and solutions for architectural applications. Everlite Concept systems, are subjected to advanced French and European standards in the field of building construction and align with "Green Building" trends.

DANPALON

- The glazing material used exclusively within both Danpal and Everlite Concept systems.

WE ARE TRUSTED BY THESE CLIENTS

NOT A PRODUCT – A COMPLETE SOLUTION

The company designs, manufactures and distributes an unmatched range of daylighting systems for all types of building requirements – from facades, cladding, roofs, skylights, shading, to interior and outdoor applications.

Constant innovation has solidified our role as the industry leader providing complete daylighting solutions. We offer customers a total system of premium quality and customized solutions that can be supplied ready-to-install.

Danpal systems are ready to install, fully tested and warrantied for the building envelope.

Danpal predesigned systems simplify the installation by providing all the required components from the high quality Danpalon glazing panels till aluminum profiles.

Danpal systems ensure fast installation and high quality projects by minimizing the on site labor and third party solutions.
